EXPERIENCE

Rendr Care, LLC
Marketing Specialist

New York, NY
Nov 2022 - Present

- **Scaled healthcare outreach.** Led 200+ B2B and B2C events - including in-person and hybrid seminars, community events, and executive-level symposiums - in partnership with physicians, C-suite leaders, and external vendors, driving 12% growth in engagement. Built and maintained relationships with 100+ local community organizations and insurance payers to expand outreach and strengthen partnerships.
- **Launched four new clinics.** Owned end-to-end launch marketing plans, including digital campaigns, direct mail, grand-opening promotion, and clinic signage, to build local awareness and drive patient acquisition. Executed five direct-mail campaigns that generated 1,000+ new patient sign-ups with an average 12.5% response rate.
- **Built performance dashboards and maintained a Marketing Activity and Event ROI tracker.** Tracked spend, attendance, new leads, demographics, and engagement. Applied audience segmentation and lead-tracking logic to identify high-performing channels and patient-acquisition opportunities, reducing future event planning time by 130 hours and cutting marketing-material waste by 20%.
- **Built an AI-assisted survey automation platform with Claude Code.** Replaced manual survey workflows with a mobile QR-code experience supporting 1,000 participants, automated prize drawings and winner emails, and automated response organization and analysis.
- **Drove organic audience growth.** Expanded Rendr's social media following from 3,000+ to 50,000+ through targeted engagement, entirely organically and without paid advertising. Managed Google Business Profile, social media, website, and email marketing initiatives, contributing to a 15% increase in organic search traffic.
- **Led enterprise-wide rebranding and impact measurement.** Managed the rebranding rollout across 120+ locations, overseeing signage implementation, SOP development, and an ongoing patient survey program to measure post-launch impact. Results showed 88% patient awareness of the rebrand, 75% overall post-rebrand patient experience satisfaction, 60% intent to recommend, and a 55% patient retention rate.
- **Scaled a patient acquisition program.** Led 46 seminars in partnership with healthcare payers and community organizations across NYC. In FY25, 24 seminars reached 2,000+ participants and generated 480 new patients (20 per event) through on-site appointment conversion, delivering a 30% increase in ROI.

Excelsior Integrated Medical Group, PLLC
Marketing Associate

New York, NY
Jun 2022 - Nov 2022

- **Accelerated provider referral growth.** Conducted monthly outreach to 20+ external clinics and physician offices to promote radiology services and strengthen provider relationships, contributing to a 30% increase in imaging referrals. Used Salesforce CRM to track provider leads, visit frequency, referral volume, and case activity; generated reports to prioritize follow-up and measure performance.
- **Strengthened market presence.** Conducted competitive research and managed social media, Google Business Profile, and email marketing to support patient acquisition and practice visibility.

Xtreme Home Care, Inc.
CDPAS Intake Coordinator / Supervisor

New York, NY
Jun 2021 - Jun 2022

- **Led intake performance.** Supervised the Chinese intake team and coordinated referral cases from marketers, community partners, and insurance providers, maintaining a 95-100% monthly case-opening rate.
- **Managed complex enrollment workflows.** Coordinated evaluations, physician documentation, insurance submissions, authorizations, and communication among patients, caregivers, and providers.
